PLP Reflection - 1 week in

Your email (allenmi@students.mtsd.k12.wi.us) was recorded when you submitted this form.

How would you categorize your biggest roadblocks so far? *

- ☒ Hardware related (i.e. missing equipment)
- ☐ Software related (i.e. setting up IDE or virtual machines)
- ☐ Trouble finding resources to solve problems
- ☐ Trouble coming up with ideas on things to do
- ☐ Other:

Briefly describe this challenge *

I'm learning about various hardware components but have no way of getting real hands-on experience in class
.....

On a scale of 1-5, how "on track" are you to complete your original goals? *

1 2 3 4 5

Off the mark ☐ ☐ ☐ ☐ ☒ Cruising right along!

Briefly explain why you chose the previous value *

For the most part, I'm learning lots of new information and documenting it well with notes

What can Mr. P do to help you right now/this week? *

Nothing, I'm pretty chill

Think about the roadblocks you've encountered and your original goal. What if this were a business/company and the end of the trimester were a deadline?

What have you learned about the planning process so far?

*

Planning requires knowing what you want to do and exactly how you plan on doing it, not just a vague idea of it
